DES MOINES, Iowa, Feb. 11, 2019 /PRNewswire/ -- Meredith Corporation (NYSE: MDP; meredith.com), the leading media and marketing company with national brands serving 175 million unduplicated Americans, including 80 percent of U.S. millennial women and a paid subscription base of over 40 million—and 17 local television stations in fast-growing markets—today reported fiscal 2019 second quarter results. Compared to the prior year period:

- Total Company revenues from continuing operations more than doubled to \$854 million.
- Total advertising related and consumer related revenues each also more than doubled to \$489 million, and \$337 million, respectively.
- Earnings from continuing operations, which includes special items in both periods, were \$87 million compared to \$159 million. The prior year results reflected a benefit of \$133 million from the passage of the "Tax Cuts and Jobs Act of 2017" in December 2017. Earnings per share from continuing operations were \$1.43 compared to \$3.49. Meredith recorded a net after-tax charge of \$5 million related to special items in the second quarter of fiscal 2019.
- Excluding special items in both periods, earnings from continuing operations increased to \$92 million compared to \$52 million, and earnings per share increased to \$1.53 compared to \$1.14. *(See Tables 1-3 for supplemental disclosures regarding non-GAAP financial measures.)*
- Adjusted EBITDA more than doubled to \$231 million compared to \$85 million. Adjusted earnings per share increased to \$2.55 compared to \$1.34. *(See Tables 1-3 for supplemental disclosures regarding non-GAAP financial measures.)*

"We were pleased to deliver stronger-than-expected revenue, profit and related margin performance in the first half of fiscal 2019, and we are excited about our significantly improved second half advertising outlook," said Meredith Corporation President and Chief Executive Officer Tom Harty. "In addition, due to strong Company performance so far in fiscal 2019 and proceeds from non-strategic asset sales, we have reduced debt by \$700 million, well on our way to delivering our \$1 billion debt reduction goal. We also grew our dividend by 5.5 percent, and renewed both our robust brand licensing program at Walmart and our station affiliations for all five of our FOX markets with favorable terms."

Looking into the third quarter of fiscal 2019, Meredith sees significant improvement in National and Local media group revenue performance:

- National Media Group total comparable advertising revenue is pacing down in the mid-single digits, a significant improvement when compared to recent quarters and in line with Meredith's historical and expected performance. This is true of brands in both the legacy Meredith and Time Inc. portfolios.
- Local Media Group non-political advertising revenue is pacing up in the mid-single digits, driven by the Professional Services, Media and Furnishings categories.
- Revenues from consumer related sources continue to increase, driven by favorable renewal of retransmission consent agreements representing one-third of Meredith's subscriber base.

**Looking more closely at Meredith's fiscal 2019 first half results compared to the prior year period:**

- Total Company revenues from continuing operations nearly doubled to \$1.6 billion.
- Total advertising related and consumer related revenues each more than doubled to \$912 million and \$638 million, respectively.
- Earnings from continuing operations, including special items in both periods, were \$103 million compared to \$193 million. The prior year results reflected a benefit of \$133 million from the passage of the "Tax Cuts and Jobs Act of 2017" in December 2017. Earnings per share from continuing operations were \$1.38 compared to \$4.23. Meredith recorded a net after-tax charge of \$18 million related to special items in the first half of fiscal 2019.
- Excluding special items in both periods, earnings from continuing operations increased to \$121 million compared to \$84 million, and earnings per share were \$1.76 compared to \$1.83.
- Adjusted EBITDA more than doubled to \$373 million compared to \$151 million. Adjusted earnings per share increased to \$3.79 compared to \$2.24.

## OPERATING GROUP DETAIL

### NATIONAL MEDIA GROUP DETAIL

Fiscal 2019 second quarter National Media Group operating profit was \$45 million. Excluding special items, operating profit was \$69 million and adjusted EBITDA grew to \$131 million. Revenues rose by nearly 140 percent to \$591 million. Results exclude discontinued operations (TIME, FORTUNE, Sports Illustrated, MONEY and Viant). *(See Tables 1-3 for supplemental disclosures regarding non-GAAP financial measures.)*

Meredith is pursuing the following strategies with a goal of successfully integrating its acquisition of Time Inc. and maximizing the value of the combined media portfolio:

- **Improving the advertising performance of the acquired Time Inc. properties to Meredith's historical levels.** Meredith is implementing its proven strategies, standards and discipline across the legacy Time Inc. portfolio to improve performance, including aligning it with Meredith's successful sales structure. Meredith delivered improved sequential comparable advertising revenue performance in the second quarter of fiscal 2019. The Company expects significant improvement in comparable advertising revenue in the third quarter and through the balance of fiscal 2019.
- **Aggressively growing revenue and raising the profit margins of the acquired Time Inc. digital properties.** Meredith is leveraging the increased scale of its combined digital portfolio to enhance sales initiatives. Meredith is now well-positioned to benefit from fast-growing advertising platforms, including native, video, shopper marketing, programmatic and social. The Company expects revenue and margin growth in fiscal 2019 compared to the prior year.
- **Accelerating the growth of high-margin consumer related revenue by leveraging its expanded brand portfolio.** This includes cross-promoting brands to increase revenue and lower subscription acquisition costs; leveraging affinity marketer Synapse; continuing to grow Meredith's brand licensing business; and expanding e-commerce activities. Meredith recently renewed its licensing program with Walmart through fiscal 2021. This program features more than 3,000 SKUs of Better Homes & Gardens branded products at 4,000 Walmart stores across the U.S. and at Walmart.com, Jet.com and Hayneedle.com. During the second quarter of fiscal 2019, consumer related revenues accounted for 44 percent of total National Media Group revenues.
- **Divesting media assets not core to Meredith's business.** Meredith closed on the sale of the TIME media brand on October 31, 2018, for \$190 million in cash. Meredith closed on the sale of the FORTUNE media brand on December 21, 2018, for \$150 million in cash. Meredith anticipates agreements to sell the Sports Illustrated and MONEY brands, along with its 60 percent equity investment in Viant, to be finalized in fiscal 2019. These brands and businesses have different target audiences and advertising bases than the rest of the portfolio, and Meredith believes each is better suited for success with a new owner.
- **Delivering at least \$550 million of annualized cost synergies within the first two full years of combined operations.** The Company has identified these synergies and is on track with its plan.

Fiscal 2019 first half National Media Group operating profit was \$63 million. Excluding special items, operating profit was \$100 million and adjusted EBITDA grew to \$218 million. Revenues rose by more than 130 percent to \$1.1 billion.

### LOCAL MEDIA GROUP DETAIL

Fiscal 2019 second quarter Local Media Group operating profit was \$107 million, adjusted EBITDA was \$116 million and revenues grew to \$262 million, all records for a fiscal second quarter. *(See Tables 1-3 for supplemental disclosures regarding non-GAAP financial measures.)*

Looking more closely at fiscal 2019 second quarter performance compared to the prior year period:

- Political advertising revenues were \$66 million, compared to \$40 million during the last political cycle in the second quarter of fiscal 2017. Political spending was particularly robust in the Phoenix, Las Vegas, St. Louis and Kansas City markets,

- primarily due to competitive elections on the federal, state and local levels.
- Non-political advertising related revenues grew 16 percent to \$120 million, including the addition of MNI Targeted Media. Looking ahead, Meredith expects Local Media Group non-political advertising revenue to be up in the mid-single digits in the third quarter of fiscal 2019.
- Consumer related revenues increased 18 percent to \$74 million, due to growth in retransmission fees from cable and satellite television operators. These increases were partially offset by higher payments to affiliated networks.

Turning to ratings, Meredith delivered strong performance during the November rating period. Meredith stations in 8 of its 12 markets ranked No. 1 or No. 2 in morning or late news.

Finally, Meredith entered into agreements to extend the affiliation agreements for its five FOX television stations through July 2022. Meredith also entered into multi-year agreements with Comcast and Cox Communications, which together represent approximately one-third of Meredith's subscriber households, for carriage of its broadcast television stations.

Fiscal 2019 first half Local Media Group operating profit was \$174 million, adjusted EBITDA was \$194 million and revenues grew to \$477 million, including \$102 million of political-related advertising revenues, all records for a fiscal first half.

#### **OTHER FINANCIAL INFORMATION**

Meredith remains committed to strong capital stewardship, and delivering top-third performance through its successful Total Shareholder Return strategy. This includes:

- **Aggressive debt paydown and management of liabilities** – Net debt was \$2.4 billion at December 31, 2018, including cash and cash equivalents of \$77 million *(See Table 4 for supplemental disclosures regarding non-GAAP financial measures.)* Meredith has repaid \$700 million of its debt so far in fiscal 2019 through January 31, 2019, including \$573 million of its 7-year Senior Secured Term Loan B and \$127 million of its senior unsecured notes. On October 26, 2018, Meredith successfully completed the repricing of its Term Loan B facility, reducing the annual interest rate to LIBOR + 2.75 percent, with a step-down to LIBOR + 2.50 percent at the time Meredith's leverage is less than or equal to 2.25 to 1.00. The facility's maturity remains unchanged.
- **Meredith continues to expect to reduce its debt by a total of \$1 billion during fiscal 2019** – Meredith expects to achieve this using cash on its balance sheet, expected proceeds from asset sales, and expected cash generated by its operations. Meredith's goal is a net debt-to-EBITDA ratio of 2.0 to 1 or better by the end of its fiscal 2020.
- **Return of capital to shareholders through consistent and ongoing dividend increases** – Meredith raised its regular dividend by 5.5 percent to \$2.30 on an annualized basis on February 2, 2019. This marked the 26<sup>th</sup> straight year of dividend increases for Meredith and the 72<sup>nd</sup> consecutive year of dividend payments. Since launching its Total Shareholder Return strategy in October 2011, Meredith has increased its dividend more than 125 percent, and delivered an average annual return of 15 percent.
- **Share repurchases** – Meredith's ongoing share repurchase program has \$53 million remaining under current authorizations as of December 31, 2018.

#### **RATIONALE FOR USE AND ACCESS TO NON-GAAP RESULTS**

Management uses and presents GAAP and non-GAAP results to evaluate and communicate its performance. Non-GAAP measures should not be construed as alternatives to GAAP measures. Adjusted net earnings per share, adjusted EBITDA, adjusted EBITDA margin, and net debt are common supplemental measures of performance used by investors and financial analysts. Management believes that adjusted earnings per share and adjusted EBITDA provides an additional analytical tool to clarify the Company's results from core operations and delineate underlying trends. Adjusted net earnings per share is defined as net earnings per share from continuing operations before depreciation, amortization and special items. Management has removed these costs as they are deemed to be non-operational in nature. Adjusted EBITDA is defined as earnings from continuing operations before interest, taxes, depreciation, amortization, and special items. Management does not use adjusted EBITDA as a measure of liquidity or funds available for management's discretionary use because it excludes certain contractual and non-discretionary expenditures. Net debt is defined as total long-term debt net of cash and cash equivalents. Net debt provides additional insight to the Company's financial position.

Results excluding special items are supplemental non-GAAP financial measures. While these adjusted results are not a substitute for reported results under GAAP, management believes this information is useful as an aid in further understanding Meredith's current performance, performance trends and financial condition. Reconciliations of GAAP to non-GAAP measures are attached to this press release and available at [www.meredith.com](http://www.meredith.com).
